I love  
BEING  
WITH  
you.

**Hi, I'm Felicia.**

What a wild ride it's been?!

**Flo & Syd** launched in January of 2021.

The idea for a stationery company was born out of a quarantine craft day at the start of the Covid-19 pandemic. Sending friends handmade cards felt like a meaningful way to connect. There is something kind of **cool & old school** about **#SNAILMAIL**.

Other people felt the same way. So here we are now, a 2 person **women run stationery show**. I have the most rockstar assistant, she ships all the orders!

**Flo & Syd** cards (named after my maternal grand- parents Florence and Sidney) are hand-drawn and printed in **Bend, OR** on **recycled** linen paper. I'm inspired by good life moments, sunshine, humor & PNW adventures. **Check out this glam shot from a van life trip in Seaview, WA.**
