Spring  
2022

Greeting  
Cards

## Hey there! I'm Felicia.

I am a sunflower person, a maker, and an explorer.

My creative spirit and nomadic nature has led me to live many artistic lives, from competitive figure skating to earning a BFA in fashion design from the Fashion Institute of Technology in NYC.

My free-spirit brought me to Bend, Oregon. A place with endless inspiration for doodling and daydreaming in the mountains.

Flo and Syd was born after a Quarantine craft day at the start of the Covid-19 pandemic. The line officially launched for wholesale in 2021 and is currently stocked in over 80+ stores in the United States.

Flo & Syd cards are printed in Bend, OR on recycled linen paper.

I made these cards for you to form a moment of connection with whomever you intend, so please keep the sunshiny energy flowing.
